Recreation Ground.

Thank you to our secret gardeners who have been putting in new plants along the borders. Thank you to the compost bin engineers who have built a great bin for us to start using next year. And thank you to the team of young people who have been delivering this newsletter. For information to anyone new to our village, the recreation ground is owned by the village and managed by the group of Trustees. (it's not owned by the Council) So let us know if you would like to get involved.

Fundraising Thanks once more to Mal who has raised another £121 for funds via Ebay. Those who use these sites will know that it involves a lot of prep and photos and checking and packing..... We are really grateful.

Parish Christmas Bazaar

Our Community Group provided refreshments again, but with a twist!! As well as the welcome bowl of warming soup and a roll, provided by Jean and Mal and Steve, Cathy took on making waffles and hot chocolate and they were much appreciated too. We raised £67 for our recreation ground.
